

Treetop Productions

FULL SERVICE VIDEO PRODUCTION

Wedding Videography Services

Your special wedding happens but once and only video can capture and preserve your most precious moments, as they happened. Of all of your wedding expenses, only video gives you a lifetime of memories, complete with the sights and sounds of your special day. Years from now, you'll treasure the laughter, smiles, hearing the vows and cherished comments from parents, grandparents and your spouse. You can relive those moments including the music and treasured words of your wedding party and those special to you. Only video can preserve it for you and your family. You will never be younger, the kids in your wedding won't stay small and your parents and grandparents won't be around long enough. Let us preserve all of the memories of your wedding day for you.

Our Philosophy

We want to make your wedding day one that will be captured and enjoyed for a lifetime of great memories. Our creative and technical skills combine for great video in various media formats for you to enjoy.

Our Expertise

We use a minimum of three cameras at weddings, wireless mics and work to get you the best camera angles, lighting and sound for a high quality professional program on DVD or to share on the web.

Our Services

We offer two packages that are all inclusive and you'll never pay overtime or hourly charges. We generally film 7-10 hours on the wedding day and then spend another 30-40 hours to edit your TV quality program. We can produce wedding highlights with music for your web site, social media sites and iPhone. In addition to capturing all of the key events in the wedding and reception, we also offer ala carte services that are separately priced and include:

- Photo/Video montage to show at reception
- Music video of bride & groom
- Tribute to parents
- Filming rehearsal, dinner & gift exchange
- Bridal love story
- Wedding highlights to show at reception

Our Team

Treetop Productions was created to offer high quality video services at reasonable prices utilizing advances in equipment, editing software and in making our programs available in DVD, web format and for use on phones and mobile devices. We combine 35 years of experience with the creative talent of our newest team members. We have full time & part-time staff and use experts on a contractual basis to give you the highest quality expertise and save you money over commercial firms. Meet our crew:

Dan is the founder with 35 years of experience in all forms of media with emphasis in video: WIU grad.

Judy has a masters in education from U of I and helps with scripting, creative design and videography.

Erin has her degree in communications from S.I.U. and creates web designs for video applications.

Jason is also a S.I.U. graduate and is a videographer, animator and project manager.

Janelle is a University of Illinois graduate in communications and specializes in design & videography.

Neil is a graduate of Bradley University's Television & Radio program and is a videographer.

Jared is an experienced videographer with footage shown on TV networks and is a W.I.U. graduate.

Treetop Productions is a member of the Wedding & Event Videographers Association (WEVA) International and its president is a member of the Springfield and Petersburg, IL Chambers of Commerce. We offer free consultation and will be pleased to show you samples of our work. Also, visit us online!
